Currently enrolled as a freshman in Computer Science

INTERSHIPS

Web Developer Intern, ziOXII's Studio

Drobeta-Turnu Severin

Jul 2020 — Aug 2020

Helped build landing pages with HTML,CSS,JavaScript and Materialize CSS framework by looking at Adobe XD files and recreating the design during an one month paid internship.

ACHIEVEMENTS

Hackaton

Drobeta-Turnu Severin

Won 1st place on a local hackaton by building an app that retrieves data from football matches in real time using an API.

C# Regional Olympiad

Drobeta-Turnu Severin

Apr 2018

Honourable mention

PERSONAL PROJECTS

- **Football API project** A project I've done for a hackaton that displays the match information in real time without any ads using the fetch API.
- **Budget calculator app** A CRUD app which tracks your monthly expenses by adding a source of income and substracting the expenses.
- **COVID-19 Tracker** A covid tracker made with React and Material UI that gets the daily cases of covid for all the countries and displays them in a chart
